The income statistics above do not include Retail Profit for selling products to personal Customers not registered with Purium. For many Affiliates, this represents substantial additional income not shown on the chart. This additional income may increase revenue, especially at the lowest rank levels.

The income statistics above are for all active U.S. Purium Affiliates who were eligible to earn downline commissions in 2015. An "active Affiliate" is defined as an Affiliate who earned at least one commission check in 2015. Affiliates who were inactive in 2015 received no income at all. Note that these figures do not represent an Affiliate sportly, as \$888.47 and the average income for all Affiliates (active and inactive) in 2015 was \$300.54. In 2015, 28% or all Affiliates profits as they do not consider expenses incurred by an Affiliate in profit in 2015 was \$300.54. In 2015, 28% or all Affiliates profits are spenses income (total income before any expenses are deducted). The expenses an Affiliate incurs in the operation of his or her Purium business vary widely. Expenses for Affiliates can be several hundred or thousand dollars annually. You should factor in estimated expenses when projecting potential profits. Such operating expenses could include advertising and promotional expenses, product samples, training, travel, telephone and Internet costs, business equipment, and miscellaneous expenses. The earnings of the Affiliates in this chart are not necessarily representative of the income, if any, that a Purium Affiliate can or will earn through his or her participation in the Purium Compensation Plan. These figures should not be considered as guarantees or projections of your actual earnings or profits. Any representation or guarantee of earnings would be misleading. Success with Purium results only from successful sales efforts, which require hard work, diligence, leadership. Your success will depend upon how effectively you exercise these qualities.

GLOSSARY OF TERMS

A complete listing of terms can be found within the Purium Policies & Procedures.

Active - Active Associates have 50 BV of personal volume in a monthly commission period.

Business Volume (BV) - The point value assigned to each product that counts toward a Brand Partner's Personal Volume Qualification and used to calculate commissions.

Compression (aka Dynamic Compression) - Dynamic Compression occurs when a Brand Partner fails to meet the required qualifications for receiving a bonus. The non-qualifying Brand Partner (and associated customer) volume available in their downline will compress to the next qualified person in their upline. The Purium Compensation Plan uses Dynamic Compression to calculate all bonuses (except Pools, Achievement Matching Bonuses and Lifestyle Bonuses) in an effort to maximize payout to qualified Brand Partners.

Customer Bonus Clubs - Every \$1000 ordered by your Customers will put you into a newK Club, i.e. \$1000 = 1K Club.

Fifty Percent Rule (50% Rule) - An alternative qualification structure that allows a Crown to use the Group Volume of one leg to count towards 50% of the total Group Volume requirement for that rank. The other 50% of the Group Volume will come from all other legs. Does not apply to ranks below Crown or Royal Crown I and II.

Generation - A Generation is an Active Level of Associate which follows the Enroller Tree. Matching Bonuses use Dynamic Compression on all Generations to maximize payout.

Group Volume (GV) - The Volume in your Organization, from 8 levels deep using compression, including your own Personal Volume. Group volume for Crowns includes 9 levels from Purium Brand Partners and Customers.

Health Professional - A Distributor who has provided a copy of their Health Professional license or certification - which has been approved by Purium Corporate - and has placed a first time qualifying order of 500BV.

Level 1 - 10% (Associates and above)

Level 2 - 5% (Builders and above)

Level 3 - 5% (Consultants and above)

Level 4 - 5% (Directors and above)

To maintain their Health Professional Membership, Health Professionals must have an accumulated Personal Volume of 500 BV every 3 months after enrolling as a Health Professional. If they do not maintain this volume requirement, they will be switched to Brand Partner. In order to re-qualify as a Health Professional if they are switched, they must submit another re-qualifying order of 500 BV. See Policies & Procedures for full definition. Infinity Bonus - There are two categories of infinity bonuses. The Green Diamond Infinity Bonus is a 2% commission that begins on the 9th Level and goes down an infinite number of levels (all the way to the bottom of your group), unless "blocked" by another Green Diamond. This means you could earn 2% commissions on an order on your 10th level, 20th level, even 100 levels down in your business. If there is another Green Diamond in your group, then you will receive the 2% payout on the 9th Level and then down to the 9th level of the Green Diamond in that leg. If the Green Diamond is on your first level, then you will receive the 2% bonus only on your 9th Level in that leg.

The Blue Diamond through Royal Crown II Infinity Bonuses work in a similar way to the Green Diamond Infinity Bonus. They start on the 10th and pay 2% down an infinite number of levels until blocked by the next Blue Diamond. Importantly, the Infinity Bonuses can be additive, meaning that if a Blue or Black Diamond does not have a Green Diamond below his/her 10th Level, then the Blue or Black Diamond will receive BOTH 2% Infinity Bonuses (total of 4%) on his/her entire organization below the 10th Level.

Minimum Payment Amount - The Minimum Payment Amount for commissions is \$10. Commission Earnings are accumulated and held until the minimum payout amount is reached.

Personal Volume (PV) - The total Business Volume of products purchased by a Brand Partner.

Smart Order - Recurring order by a customer or brand partner that will be automatically shipped on a chosen date from the 2nd-21st of the month only if no order has been placed prior to the smart ship date.

Qualifying Rank - Based on the previous month's commission statement "paid as" rank. Qualifying Volume - Volume from Enrollment Packs used for rank advancement purposes only.

Unilevel Bonus - A monthly bonus that pays on your Group Volume on all Brand Partners up to 8 levels compressed in your Unilevel Placement Tree, based on Paid Rank. The Monthly Unilevel bonus does not include volume that was paid out as a part of the weekly First Order Bonus.

For more Definitions, please see the Purium Policies & Procedures.
